INSTRUCTIONS

This form shall be executed and filed in quadruplicate with the Oil Conservation Commission at Santa Fe, New Mexico, covering each unit from which oil is produced. A sep-arate certificate shall be filed for each transporter authorized to transport oil from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer, and two copies - 177 C retained by the Oil Conservation Commission. 10 1 1

retained by the Oil Conservation Commission. A new certificate shall be filed to cover each change in operating ownership and each change in the transporter, except that in the case of a temposity change in the transporter', involving less than the allowable production for one month the operator shall, in lieu of filing a new certificate, notify the Ofl Conservation Commission at Santa Fe, New Mexico, and the transporter authorized by certificate on file with the Commission at Santa Fe, New Mexico, and the transporter authorized by certificate on file with the Commission, by letter of the estimated amount of all to be moved by the fransporter temporarily moving all from the unit and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more all than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil from the property named therein and shall manual in first a oil from the property named therein and shall remain in full force and effect until
