State No.1 Well, Lot #2,
Sec.19, T.20-S, R.30-E.

Dear Mr. Shepard:

Under date of June 11, 1937, I wrote to your office to ascertain whether the above-designated well has been properly plugged but have had no answer.

The insurance company on the drilling bond desires to be released, but I do not wish to release them until I am sure the well has actually been plugged, so please give me your information as to whether you know of your own knowledge if it has been plugged.

Very truly yours,

Carl B. Livingston
Attorney

Gentlemen:

In answer to your letter of June 30th, I have been trying to ascertain from the field whether the well in question has actually been properly plugged. This information has not arrived as yet, but have today made another request for a report.

Very truly yours,

Carl B. Livingston
Attorney

Dear Mr. Livingston:

In reference to your letter of July 3, regarding the above mentioned well, this well was properly plugged on May 11th according to regulations. There does not seem to be any reason why the bond should not be released.

Yours truly,

Carl Thompson
