Dr. E. H. Wells  
State Geologist  
Santa Fe, New Mexico

Dear Dr. Wells:

Mr. J. C. Caston wishes to know about the plugging of the old Sullivan-Rundle well that was taken over by Mr. H. C. Wells of El Paso, Texas.

The last time I was in the Santa Fe office there was considerable correspondence regarding this.

Please let me know if you have any additional information in this connection as there is very little doubt that the well is leaking water into the potash bearing formations.

Very truly yours,

FJV:t

State Oil & Gas Inspector.
