Mr. Walter Scott  
Artesia, New Mexico

Dear Mr. Scott:

This is in regard to the plugging of the  
Sullivan-Rundle Well No. 1 in Lot 4, T. 20 S., R.  
30 E.

It is my understanding that you have a  
state lease on the above mentioned land. We have  
several complaints on this well leaking water into  
the potash bearing formations.

There is some casing in this well and I  
believe we can trade the casing for a good plugging  
job. Please let me know if this meets with your  
approval.

If possible, I would like to see your  
personally regarding this matter.

Very truly yours,

FJV:t

State Oil & Gas Inspector.
