New Mexico Oil Conservation Commission  
Santa Fe, New Mexico

Gentlemen:

We are enclosing a completion report of our Federal No. 1 wildcat well located approximately  $2\frac{1}{2}$  miles South of the Barber Pool in Eddy County, New Mexico.

There seems to be no question but that this is a separate pool from the Barber Pool and is a new discovery.

We would like to suggest to the Nomenclature Committee that they designate this pool as the Hudson Pool after William A. Hudson, President and Geologist of this Company.

Very truly yours,

HUDSON & HUDSON, INC.
