RECEIVED
O.C.C.
NOV 19 1987

One copy of Form C-127 shall be filed with the appropriate District Office of the Oil Conservation Commission not later than the 15th of the month preceding the month for which allowable changes are requested. This form shall include only the wells for which allowable changes are desired.

Date November 19, 1987

The following allowable changes for the month of November 1987

are hereby requested by William A. & Edward R. Hudson

Operator

Box 198, Artesia, New Mexico 88211

Address

No well can be assigned an allowable greater than the amount of oil produced on the latest G.O.R. test. For wells on which top allowable is desired, enter a "T" in the Allowable Requested Column.

POOL	LEASE	WELL NO.	UNIT	S	T	R	ALLOWABLE REQUESTED	REMARKS
Dos Hermanos (Y-SR)	Gulf Federal	1	G	33	20S	30E	200 BOPD	<p>Note: This is an emergency and temporary request for allowable in order to move a quantity of oil that is being produced as a result of sudden changes that have occurred in the vicinity of the well bore after changes were made in capacity of pumping unit. This pool is essentially depleted and normally produces a large amount of water with little oil. If the well is shut in, water will take over, and oil will be lost. Your immediate approval will be appreciated.</p> <p><i>Testing Allowed - for Nov. only</i></p> <p><i>6000 YPD.</i></p> <p><i>One time thing - 44 unit 200 BOPD</i></p> <p><i>mm/TS</i></p>

It is further requested that all other wells operated by this producer be assigned the allowables that they are currently receiving, with the exception that top allowable wells and wells affected by excessive gas-oil ratios be given the benefit of any increase in normal unit allowable.
