DETAILS OF WORK

C. C. C.

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate casing joints, cementing points, and all other important proposed work)

The subject well was plugged and abandoned March 21, 1963, as follows:

1. Loaded hole with sufficient concrete to fill back to surface.
2. Installed dry hole marker and cleared location as per U.S.G.S. requirements.

Federal 18-18 No. 1 well officially plugged and abandoned March 23, 1963.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
