Dear Sirs:

Before we can sign your C-103 "Plugging Report", you will need to fill the pits, remove tie downs and junk from the location of the above described plugged well.

Please let us know when this has been done so that we can make the final inspection of the location.

Very truly yours,

Before we go into your "FBI's Report", you will want
to know the facts. I have a few facts about the location of the
grave which I have described in the report.

Please let us know when you have read the report so that we can make

a final inspection of the location.

Very truly yours,

JOHN EDGAR HOOVER
