Unit, Sec. 2-22-25,
Eddy County, New Mexico

Gentlemen:

On a field inspection of the above wells I found that the marker did not have the $\frac{1}{4}$ section or unit letter on them, also they have the location as follows: T.S 2 Sec. 22 RE 25. When this has been corrected and the pit has been leveled on #3B please notify this office and I will check them again.

In checking the well file I find that we do not have copies of the temperature surveys or the electrical logs ran on well #3-B.

If you have any questions on this please do not hesitate to call me.

Very truly yours,

Oil Conservation Commission
