Application to drill

Canter Federal #1
990' FNL & 990' FEL
Sec. 10,T-26-S, R-29-E
Eddy County, New Mexico

Dear Sirs,

With reference to the above application to drill, which is in reality an application to re-enter and clean out to 11,900' the former Cactus Jennings Federal #1 which was drilled and plugged in 1964, we request that since the dirt work previously done will be sufficient with minor leveling and blading within the confines of the previously disturbed area, this application be approved without an archaeological clearance.

If you have any problem with this, please call me.
