Re: Change in Transporter of  
Gas

Gentlemen:

Our Santa Fe office has directed us to obtain a change in gas transporter, on Form C-104, for all wells in the Indian Basin gas pools currently shown as connected to Southern Union Gas Company. The change is from Southern Union Gas Company to Delhi Gas Pipeline Corporation, the actual transporter of the gas. Therefore, please file Form C-104 reflecting this change for the following described well:

West Indian Basin Unit Gas Com. #2-G, 20-21-23

Sections I, II, III and VI of Form C-104 must be filled out completely.

Failure to file Form C-104, as requested, may result in cancellation of allowable.

Very truly yours,

Oil Conservation Commission
