Re: Hondo Singer #1 Well
Section 18, T-20-S, R-27-E
Eddy County, New Mexico

Gentlemen:

Please let this letter act as our request to postpone the filing of Form C-116 and Form C-124 for an additional 90 days while this recently completed exploratory well is undergoing further testing and treatment. Though the well is producing only minor amounts of new oil at this time, we would appreciate having an allowable of approximately 20 BOPD assigned during this 90 day interval to cover any new oil recovered. Should the well's productivity increase and/or the well's condition become such that these required tests can be run earlier, we will certainly do so.

Yours very truly,

HONDO OIL & GAS COMPANY
