O. C. C.
ARTESIA, OFFICE

Oil Conservation Commission
Drawer D D
Artesia, New Mexico

Att: Mose Armstrong

Dear Mose:

We propose to put about 350 bbls. of oil out of the Hondo-Singer "C" #1 tank battery in this same well in order to kill the well so we can pump out the salt water that is in this well.

At the present time we plan on recovering from 50 to 75 bbls. of this oil, however, we may recover more.

Yours truly,
HARVEY E. YATES
