Re: Gas Well Tests
Indian Federal No.1

Dear Mr. Roberts:

We are in receipt of one copy of Form C-122, "Multi-Point Back Pressure Test" for the Morrow side of the subject dually completed well. One more copy is required. Further, when we talked about this well in our office last month, I understood that a multi-point test had also been run on the Upper-Penn. zone. Please submit two copies of this test. Further, a "Packer Leakage Test" must be taken on the subject well at this time, see enclosed forms.

If there are any questions on this matter please do not hesitate to call upon me.

Very truly yours,

Oil Conservation Commission

The enclosed is a copy of a letter from the
British and Foreign Anti-Slavery Society
to the American Anti-Slavery Society, dated
the 1st of January, 1840. It contains a
very interesting account of the progress of
the anti-slavery cause in England, and
of the efforts of the British and Foreign
Anti-Slavery Society to secure the
abolition of slavery in the West Indies.
I have no objection to its being
circulated in this country, and
to its being read in the churches and
in the schools.
