Re: Multi-Point Back Pressure
Test, Bogle Flats 3 well No.1
in unit G, 3-22-23, Indian
Basin Upper Penn. Gas Pool

Gentlemen:

We are herewith returning a portion of the subject test report so that the points and calculations used in determining the slope (n) may be shown on the log log paper as required. In addition, you will note several changes marked in red pencil on the data sheet. These notations are for your information only as they do not affect the results in this test.

Please add the information requested on the log log paper and return the same to this office.

Very truly yours,

Oil Conservation Commission

R. L. Stamets
