DEPARTMENT OF THE INTERIOR  
BUREAU OF LAND MANAGEMENT

SUNDRY NOTICES AND REPORTS ON WELLS

Do not use this form for proposals to drill or to re-enter an abandoned well. Use Form 3160-3 (APD) for such proposals.

FORM APPROVED  
Budget Bureau No. 1004-0135  
Expires November 30 2000

5. Lease Serial No.

NM 06953

6. If Indian, Allottee or Tribe Name

7. If Unit or CA/Agreement, Name and/or No.

8. Well Name and No.

FEDERAL C 35 #1

9. API Well No.

30-015-10403

10. Field and Pool, or Exploratory Area

INDIAN BASIN UPPER PENN GAS  
POOL

11. County or Parish, State

EDDY

NM

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

In reference to Notice of Incidents of Noncompliance #99-DW-132

The production from this well goes into a 2-phase separator. The gas is metered and transported to Marathon's Indian Basin Gas Plant via pipeline. After processing, the gas and NGLs are metered and sold at the tailgate of the plant. The liquid hydrocarbon production and water are sent to a storage tank on location. Production volumes are determined by gauging the tank and "color cutting" for the condensate/water interface. These liquids are then taken to the storage and measurement facility, located at the Indian Basin Gas Plant, by truck. After further separation, the liquid hydrocarbons are metered and sold through a LACT Unit. The water is disposed of in various salt water disposal wells per prior approvals. A drawing is attached which shows the equipment used, and the flow of production.

14. I hereby certify that the foregoing is true and correct
