Penn Pool

Dear Mr. Staley:

We are in receipt of the subject test report. However, the date of test was not shown on the form. Please advise this office as to the date of the test.

Further, if the gas testor can drop by this office or otherwise meet with me the next time he is here testing wells, we can work out any problems we have with the use and submission of data from square root charts.

Very truly yours,

Oil Conservation Commission
