Re: HOC Gas Com. #1-F,
13-22-23, Indian Basin-
Upper Pennsylvanian Gas
Pool

Gentlemen:

Enclosed please find one copy of Form C-122, gas well test, for the subject well. This report is being returned for certain corrections and additions as follows:

1. If there is no packer in the hole, casing pressures should be reported and used as Pw.
2. Perforations, % CO₂, % N₂ and % H₂s should be shown.
3. Fpv should be recalculated using gas gravity adjusted for CO₂ & N₂.
4. The Coefficient used differs from that in the Commission Manual. An explanation should be attached.
5. The form should be signed.
