Marathon Oil Company is requesting an extension of the TA status of this well. A casing integrity test was run 9/9/99. The casing was pressured up to 510 psi and held for 30 minutes with no leak off. Your office should have the chart on file. This well is in an area that Marathon is currently developing and it has Indian Basin Upper Penn Associated potential. If no economic reserves are found, the well may have utility as a disposal well as the development of the area continues. Please extend TA status thru 9/1/2002.

TA Approved For 12 Month Period

Ending 9/9/2002

14. I hereby certify that the foregoing is true and correct.
