Gentlemen:

Your Notice of Intention of April 12, 1973 requests approval to convert and operate as a waste water disposal well your No. 1 Williamson "BC" on oil and gas lease New Mexico 01165, located 660/S&E sec. 7, T. 20 S., R. 29 E., N.M.P.M., Eddy County, New Mexico by injecting produced waste water into the Delaware formation at an interval of 3189-3228. This request as outlined in the application is hereby approved subject to approval by the New Mexico Oil Conservation Commission and the following:

1. If off-lesse waters are to be included in the disposal system, a special land use permit to operate this well as such must be secured from the Bureau of Land Management prior to disposing of any such waters.
2. Where applicable and required, right-of-way permits for pipe lines from other leases must be secured from the Bureau of Land Management or other owners prior to laying of any such gathering lines.
3. The usual Sundry Notice and Report (form 9-331 in quintuplicate) must be filed with this office prior to commencing this project or any further workover, treatment, suspension of operation, or change of status of this well.
4. Plats or diagrams will be submitted to this office to indicate size, description, and location of all installations such as injection plant, treating plant, storage facilities, emergency water pits, or other necessary use of the surface for this project.
