Re: Exception to Rule 402  
Hudson-Federal No. 1  
Section 4, T-21-S, R-29-E  
Golden Lane Strawn Pool  
Eddy County, New Mexico

Dear Bill:

Pennzoil Company respectfully requests exception to the New Mexico Oil Conservation Commission Rule No. 402 for their Hudson-Federal No. 1. This well produces approximately 500 MCF of gas, 22 barrels of condensate and 600 barrels of water per day. Shutting in of this well would cause irreparable damage.

Should the well ever have to be shut-in for any reason, a dead weight pressure will be taken.

Yours very truly,

  
J. C. Raney  
Petroleum Engineer
