ARTESIA, OFFICE

Gentlemen:

"Notice of Gas Connection" forms were filed May 23, 1968, by Natural Gas Pipeline Company of America, notifying the Commission that connection has been made for the purchase of gas from the Shell Federal No. 1 well, Sec. 5, T-21-S, R-24-E; Ross Federal No. 1 well, Sec. 4, T-21-S, R-24-E; and Skelly Federal No. 1 well, Sec. 9, T-21-S, R-24-E, all operated by David Fasken.

For clarification, we wish to inform you that the purchase of gas from the above wells is made at a central delivery point in Sec. 5, T-21-S, R-24-E and is not from the wellhead of the above wells.

Yours very truly,

NATURAL GAS PIPELINE COMPANY OF AMERICA
