Re: Form C-125, Big Eddy Unit #17.

Gentlemen:

Attached is the C-125 for Big Eddy Unit #17, Section 2-21-29, Eddy County. The following will explain the deviation from the 24 hour shut in required.

This well has had water breakthrough occur to the extent that the well will not flow. The surface pressure is zero. The gas reserves do not justify any attempt to workover the well.

This well will be plugged back to another formation or plugged and abandoned in the near future.

Very truly yours,

Jerry Sexton
Production Engineer

JS/sjb
