17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Change of ownership from Stoltz & Co. Effective 4-1-67

Well was originally drilled and completed by Stoltz & Company. Plan to pull tubing after setting cement plug over Wolfcamp perms at 10,240 to 10,261. Cut off 4 1/2" casing at approximately 8500' and set a 100' plug across the casing stub. Set 100' plug over the Bone Springs, 200' plug at base of the intermediate casing. At this point, the well will be turned over to the Water Resources Division of the U. S. G. S.
