Re: Cowden Federal Lease, Golden Lane Strawn,
Sec. 4, T 21S, R 39E, Eddy County, N.M.,
C-125 Gas well shut-in pressure report.

Dear Mr. Gressett:

We are requesting continuance of the waiver in regard to Commission Rule 402 on the above captioned lease. It was granted by you on November 3, 1972. The reason for granting was excessive water production. As this is still the case, we need a current waiver.

Thanks for your cooperation.

Very truly yours,

V. H. Westbrook
