Attn: Mr. Bill ^Gressett

RE: Test Allowable

Dear Bill:

S. P. Yates respectfully requests a 200 barrel testing allowable, as per Rule 504, for the Anderson No. 1 well, located 2080' FSL and 1700' FEL of Section 11-T20S-R26E, Eddy County, New Mexico.

The well is in a testing category and pending a decision to deepen. It is testing from the Queen Sand at 504 to 546'.

Our lease storage of 210 barrels is full and we need the test allowable for a possible 30 days additional testing.

It is understood that the test allowable will be charged against the regular allowable when C-104 completion is effective.

The test allowable will be sold to Scurlock Oil Company, 414 Mid-American Building, Midland, Texas.

Yours truly,

S. P. YATES

Paul G. White
