RE: City of Carlsbad No. 1 Hardship Gas Well
Unit O, Section 25, T-22-S, R-26-E
Eddy County
Order No. R-8064, Case No. 8717

Dear Mr. Padilla:

Your request for continued hardship gas well classification for the subject well has been reviewed. We find that:

1. Gas production has declined from an average of 135 MCF/D for the August 91-July 92 period to 104 MCF/D for the August 92-July 93 period.
2. Water production has declined from a 31 BPD average to a 15 BPD average for the same periods.
3. The flowing tubing pressure had declined from 41 psi to approximately 30 psi.
4. The well requires a compressor to overcome pipeline pressure.
