Re: Report of CAOF Retest  
Helbing-Federal Well #1  
Indian Basin (Upper Penn) Gas Field  
Eddy County, New Mexico

Gentlemen:

Attached for your review, processing and file are two copies of Conservation Commission Form C-122, 4 Point Back Pressure Test, on the captioned well. This retest was made within 60 days after the initial gas pipeline connection, as required by Rule No. 401.

Very truly yours,

George W. Sutphen  
District Production Manager
