Re: McMinn State No. 1, Section 18,
Twp. 21S, Rng. 26E, Eddy County,
New Mexico - Extension of 640
Acre Spacing Rule.

Dear Mr. Gressett:

Enclosed please find five (5) copies of a plat, Form C-102, which replaces the original Form C-102 filed on this well.

As per our telephone conversation of August 8th, this document should suffice to space the subject well in accordance with the 640 acre spacing rule on the Catclaw Draw Unit Morrow Gas Field. We are in the process of hiring an attorney to arrange for a hearing to space the Strawn reservoir on 640 acres also.

Many thanks for your kind cooperation and assistance.

Yours very truly,
