13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Hallwood Petroleum, Inc. requests approval to maintain the presently Temporarily Abandoned well in that T X A status for 12 more months. In conjunction with that we will perform a Casing Integrity Test within 60 days after your approval is granted.

We do not believe that the well should be plugged and abandoned at this time as we are currently evaluating this well and others we operate in the Catclaw Draw Field for shallower recompletion potential. This well and our 1994 review of it was identified in our recently submitted and approved 1994 Plan of Development for the Catclaw Draw Unit.

TH APPROVED FOR 12 MONTH PERIOD
