Gentlemen:

Your letter of December 13 transmits eight copies of a communitization agreement which communitizes all rights as to gas and associated liquid hydrocarbons producible from Pennsylvanian age formations in 640 acres of State and fee land described as all of sec. 14, T. 21 S., R. 25 E., N.M.P.M. The S $\frac{1}{2}$ of such section is in the Catclaw Draw Morrow participating area while the N $\frac{1}{2}$ is outside the Catclaw Draw unit area. The communitization agreement was approved by the Commissioner of Public Lands of the State of New Mexico on November 16, 1972, effective as of October 1, 1972.

Inasmuch as no Federal lands are involved in the communitization agreement, our approval is not required and we are accepting the agreement for record and accounting purposes as communitization agreement No. Com. Agr.-SW-704. Two copies are being retained for our records and six copies are returned herewith.

Sincerely yours,
