New Mexico

Gentlemen:

Re: Request for Exception to Rule 401  
Cawley A #1, Sec. 28-21S-27E,  
Eddy County, New Mexico

This letter is to request exception to Rule 401-Method of Determining  
Natural Gas Well Potential.

The Cawley A #1 is awaiting a pipeline connection. After the well is  
connected to the pipeline, we plan to produce the well for several  
weeks prior to running a four point test. The test will be run within  
60 days from the date of connection to the pipeline.

Thank you.

Sincerely yours,

*E. Y. Wilder*

E. Y. Wilder  
Region Operation Manager
