17. Describe Proposed or Completed Work (Clearly state proposed details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was drilled and completed as a Morrow gas well in June, 1973. The well produced gas along w/a sizable amount of water. Attempts to get a test on the well failed due to the well loading up with water and dying each time an attempt was made to test it. We are now evaluating the well for possible uphole completion and respectfully request a temporarily abandoned status for the well.
