Re: Surface Development Plan for the
Application to Drill the Gulf Cerf-
Federal No. 1, Eddy County, New Mex-
ico.

U. S. G. S.
Drawer U
Artesia, New Mexico 88213

Gentlemen:

The our approved plan for the proposed Cerf-Federal No. 1 is as follows:

1. Existing well - Cerf-Federal No. 1.
2. Planned access road - Access road to extend east from existing road and connect to Cerf-Federal No. 1.
3. Location of proposed well - See attached map.
4. Direction of proposed well - See attached map.
5. Location of proposed well - None in area.
6. Location of proposed well - No water available in area. Water is to be pumped from Cerf-Federal No. 1.
7. Methods of waste disposal - Waste to be burned or buried at job completion.
8. Location of proposed well - See attached map.
9. Location of proposed well - See attached map.
10. Location of proposed well - See attached map.
11. Plans for proposed well - Area to be free of waste material. Pits are to be filled in after completion of work.
12. Location of proposed well - None.

Sincerely truly,

C. D. Berland
