Gentlemen:

According to our records, the only authorized gas transporter on the subject dually completed well is El Paso Natural Gas Company.

However; in checking your Form C-115 and Transwestern Pipeline Company's C-111, we find that they have been taking gas from this well since April, 1975.

If this is correct, please see that Form C-104 reporting a split connection and a Notice of Connection for each zone is submitted immediately.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

W. A. Gressett
