

El Paso Natural Gas Prospect
Eddy County, New Mexico
Rocky Arroyo C #1

- Item #1: Existing Roads - Existing roads are 220' from new location and will be utilized. See page #1.
- Item #2: Planned excess road - A new coliche road 220' will be built. See Page #1 & 2.
- Item #3: Locations of Wells - El Paso Natural Gas Rocky Arroyo #1 1980 FSL, 1980 FWL, Sec. 8, T-22-S, R-22-E, Eddy County, New Mexico. See page #1.
- Item #4: Lateral roads - None are planned.
- Item #5: Location to tank batteries and flow lines - None are planned.
- Item #6: Water Well - Will use same water well as was used on Rocky Arroyo #1. See page #1.
- Item #7: Methods for handling waste material - Standard procedures acceptable to all authorized government agencies will be used to dispose of waste materials.
- Item #8: Location of camps - None are planned.
- Item #9: Location of air strips - None are planned.
- Item #10: Location Layout - See page #2.
- Item #11: Plans for restoration of the surface - Location will be cleaned, leveled and restored to a condition acceptable to all authorized Government agencies.
- Item #12: Any other information - Well location is on a small hill with a small draw on east side. Location & reserve pits will be built by some blasting and reserve pits will be lined. Due to location on the side of the hill, there will be about a 7' cut with approximately 7' fill from the south line to the north line.
