Re: Arco Federal Com.
#1-D-20-21-26
Undesignated Delaware Pool

Gentlemen:

On or about Dec. 20, 1983 you approved a C-104 on the above well which included a notation "Casinghead Gas Must Not Be Flared After 1-16-84". Additionally you requested a Gas-Oil Ratio Test to be taken and reported on a c-116 by January 16, 1984. Please be advised that due to engine problems this well has not operated. Therefore, gas has not been flared and we have been unable to make a GOR test. We respectfully request an extension to February 15, 1984 for both the flaring of gas and the testing.

Thank you for your consideration.

Sincerely,

Anita Gray
