17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Put enough ready mix cement in hole to bring up above salt section to approx. 370'. Then, installed pump and converted into a commercial water well. Water is from sands above the Rustler formation and above salt. Made surface reservoir and have used water to drill other well. Water is below 9 5/8", set at 292 with 200 sx. and plug at approximately 370'.
