ARTESIA, OFFICE

STATE OF Texas )  
County of Midland ) ss

J. L. Bussell, being first duly sworn according to law, upon his oath deposes and says:

That he is of lawful age and has full knowledge of the facts herein below set out.

That he is employed by Cities Service Oil Company in the capacity of Production Foreman and as such is its authorized agent.

That on Dec. 28, 1973, he personally supervised the setting of a Baker Model A2 Lok-Set Packer in Cities Service Oil Company's  
(Make and Type of Packer) (Operator)

Government T Well No. 1, located in Unit  
(lease)  
Letter C, Section 14, Township 20S, Range 28E, NMPM,  
Eddy County, New Mexico.

That said packer was set at a subsurface depth of 10,987 feet, said depth measurement having been furnished by J. L. Bussell.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
