RE: Button Flat Unit Well No. 9
Section 35, T-20S, R-28E
Eddy County, New Mexico

Gentlemen:

Monsanto Company respectfully submits the following Development Plan for drilling the above captioned well.

Development Plans include the following:

1. Existing roads: See attachment
2. Planned access roads: See attachment
3. Location of well: 560' FWL & 1980 FNL
Section 35, T-20S, R-28E
4. Internal roads: See attachment
5. Location of tank farm

If the well is not productive, a heater and three phase separator will be located near the Southwest corner of the pad with two 2 d Bbl. collection tanks for water and condensate respectively. Location of pipelines is shown on the attached plan.

6. Location and type of water supply

Water will be produced near as possible and trucked to location.

7. Method of waste disposal

All produced water will be treated. Waste water will be trucked to appropriate disposal facilities.
