WELL LOCATION AND ACREAGE DESIGN FOR PLAT

All data on this plat must be from the original survey of the well.

|                         |              |                       |         |      |
|-------------------------|--------------|-----------------------|---------|------|
| EL PASO NATURAL GAS CO. |              | ROCKY ARROYO "D" COM. |         | 2    |
| Section                 | 4            | 22 SOUTH              | 25 EAST | EDDY |
| Location of Well:       |              |                       |         |      |
| 1980                    | from north   | South                 | 300     | West |
| 4375.9                  | Rocky Arroyo |                       | Canyon  | 320  |

Outline the acreage dedicated to the subject well by a dotted line on the plat below.

If more than one lease is dedicated to the well, you must identify the ownership thereof (as to working interest and royalty).

RECEIVED

If more than one lease of different ownership is dedicated to the well, have the interests of all owners been consolidated by communitization, unitization, forced pooling, or otherwise?

MAY 20 1974

Yes ☒ No ☐ If answer is "No," list the owners and next design the well have a really been consolidated of some type (specify this form if necessary).

O. G. C.  
ARTESIA, OFFICE

No allowable will be assigned to the well that all interests have been consolidated (by communitization, unitization, forced pooling, or otherwise) or until a nonstandard unitization or such interests has been approved by the Comptroller.

CERTIFICATION

I hereby certify that the information contained herein is true and complete to the best of my knowledge and belief.

C. D. Kysan

Production Clerk

El Paso Natural Gas Co.

5-17-74

I hereby certify that the well location shown on this plat was plotted from field notes of actual surveys made by me or under my supervision, and that the same is true and correct to the best of my knowledge and belief.
