17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was drilled and completed as a Morrow gas well in 1974. After a massive hydraulic frac job, the well continued to produce excess amounts of water. We are now evaluating the well for possible uphole completion and respectfully request we be allowed to continue a temporarily abandoned status.
