(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Bass intends to keep the current temporary abandonment status active. We formally request permission to test the downhole equipment in accordance with your letter dated 6-11-92.

Currently, this well has open perforations from 11,405' to 11,513', with an Otis permanent packer set at 11,375'. We propose to pressure test the casing to 500 psi in accordance with your guidelines.
