CHANGE IN CASING PROGRAM - MOBIL'S  
FEDERAL STATE COM. WELL NUMBER 1  
UNDESIGNATED MORROW POOL - BURTON  
FLAT FIELD, EDDY COUNTY, NEW MEXICO

Gentlemen:

Attached is a revised C-101, "Application for Permit to Drill, Deepen, or Plug-back", for Mobil's Federal State Com. Well #1. The revision provides for a full production string of 5-1/2" casing rather than a 7" string of casing.

Mobil finds it necessary to submit this change in casing program due to the shortage of tubular goods. As you know, drilling is in progress on this well; therefore, Mobil respectfully requests your approval of this revision at the earliest possible date.

Yours very truly,

L. A. Davis  
Area Operations Engineer
