Gentlemen:

This is to advise that on November 26, 1980 the Cities Service Company's State "CP" Com. #1 Morrow gas well located in Unit J of Section 9, Township 21S, Range 27E, Eddy County, New Mexico was disconnected from El Paso Natural Gas Company's gathering system. This meter is blind plated and will remain on location temporarily, but inoperative, until permanent status of the measuring arrangement is determined.

This disconnection was due to recompletion from Morrow to Strawn zone. Strawn zone was connected to El Paso's gathering system on November 26, 1980.

Yours truly,
