Gentlemen:

We are returning the enclosed Form C-105 on the subject well for correction and additional information. This form is not to be filed until such time as you have the test data, item #33. Then a separate report is to be filed on each zone.

To bring our records up to date please submit Form C-103 reporting the perfs treatment and the packer or plug used to separate the zones in the well bore.

If you have any questions concerning this matter please feel free to call upon me.
