Gentlemen:

Enclosed is one approved copy of communitization agreement No. Com. Agr.-SW-377 involving 200.00 acres of land in Federal leases New Mexico 0400877 and 3606 and 440.00 acres of state land, Eddy County, New Mexico, comprising a 640-acre well spacing unit.

The agreement communitizes all rights as to dry gas and associated liquid hydrocarbons producible from the Morrow formation in Sec. 9, T. 21 S., R. 26 E., N.M.P.M., and is effective as of April 2, 1974. It is understood that in the event a subsequent State order sets the well spacing for this area at less than 640 acres, then you will prepare and submit to this office an appropriate communitization agreement for the production unit so established which will supersede this agreement.

You are requested to furnish all interested principals with appropriate evidence of this approval.

Sincerely yours,

N. O. FREDERICK
Area Oil and Gas Supervisor
