Unit K, Section 23, T-20S, R-28E
Eddy County, New Mexico

Dear Sirs:

Cities Service Oil and Gas Corporation respectfully requests exemption to the annual 24-hour gas well shut-in pressure test for the Government Z No. 1 in the North Burton Flat Wolfcamp Pool. The well is located in Unit K, Section 23, T-20S, R-28E, Eddy County, New Mexico.

The Government Z No. 1 produces at a low gas/liquid ratio. Cities Service is concerned that the well will load up with condensate and water during the shut-in period, and considerable expense will be incurred in returning the well to production.

Your consideration of our request for this exemption will be appreciated.

Sincerely,

Rebecca A. Egg
Production Engineer
Southwest Region
