17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed operations.)

Well No. 1, Section 16, T21S, R26E, N1980. Presently completed as a dual gas/gas well in the Morrow Gas perfs 10,105-108'. The Atoka gas zone has declined in production to 10,105-108'. Requires swabbing to kick off. Propose to temporarily abandon the Atoka gas zone and produce as a single gas well in the Morrow Gas zone in the following manner:

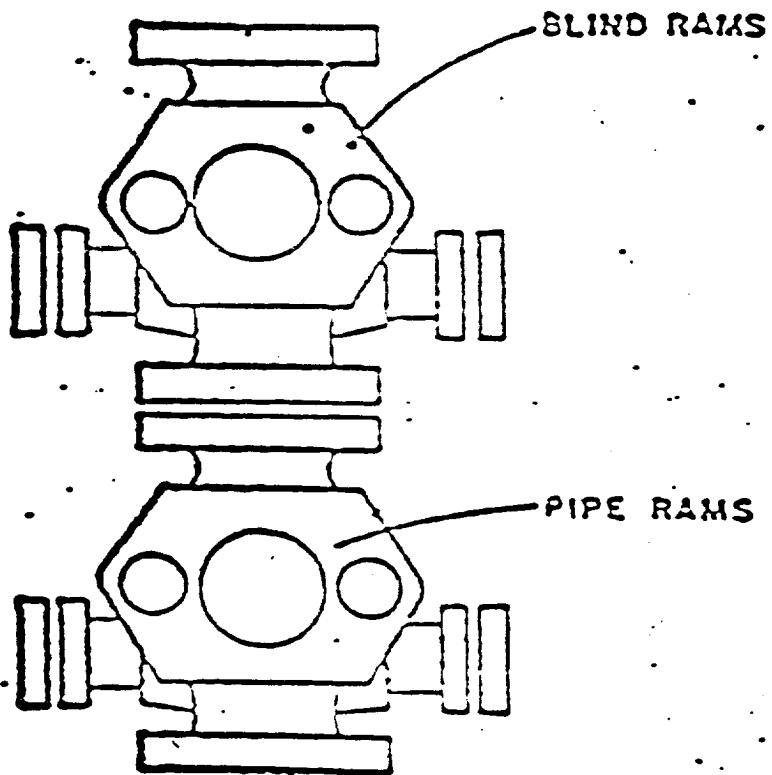

1. Set up, pull dual crossover assy. Run straight thru tube. Isolate Atoka Gas zone between two packers & produce as a single Morrow gas well.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
