Re: Packer Leakage Test
Government AA #1
Unit C, Sec. 23-20-28
Eddy County, NM

Gentlemen:

This office received your packer leakage test dated 8/29/79 - 8/31/79 on the reference well. This test indicated the well has communication between the two zones.

This well should be shut-in and repaired immediately. This office would like to have 24 hour notice before the remedial work is preformed.

Your immediate attention to this matter will be appreciated.

Sincerely yours,

Mike Williams
Oil & Gas Inspector
